OBJECTIVE

A driven Computer Science graduate with a passion for software development and technology. Strong knowledge of Java, Spring Framework, and web development, with experience in building scalable and efficient applications. Looking for an entry-level software development role to apply my skills, grow professionally, and contribute to creating innovative solutions

EDUCATION

Bachelor of Computer Science, Bheemanna Khandre Institute of Technology 2022 - 2026

SKILLS

Programming Languages	Java, Java8
Frontend and web Technology	HTML5, CSS3, JavaScript Libraries: React JS.
Back-End Devlopment	J2EE: JDBC, Servlet, JSP.
Database Management	MYSQL(Query Optmization, Stored Procedures, Indexing).
Soft Skills	Quick Learning, Problem Solving, Time Management, Effective Communication, Continuous Learning.

EXPERIENCE

Java Full Stack Developer Jan 2026 - June 2026
Dhee Coding Lab *Bengaluru*

- Java Full Stack
- Worked on the Bus Depot Management System using Java, JSP, Servlets, JDBC, and MySQL.

PROJECTS

Bus Depot Management System. The Bus Depot Management System is a J2EE-based application developed using Java, JSP, Servlets, JDBC, and MySQL. It helps manage depot information, bus details, driver records, and driver-to-bus assignments. The system provides CRUD (Create, Read, Update, Delete) operations for efficient data management, making it easier to organize and maintain bus depot operations.

Detecting Cyberbullying on Social Media in the Big Data Era Using Machine Learning Algorithm. In this project for frontend we connected with React and Backend we connected Python and Macine Learning and For Authentication Purpose we use Twillo Algorithm and for Storage we uses the firebase Database and Google Cloud this Project is helpfull for Social Media Users for cyber crimes like Bad comments are Removed on the Social Media.

Ai Interview Cheating Detection System. In Ai Interview Cheating Detection System Were forntend connected with HTML,CSS,JavaScipt,and Backend we connected with a Java and here we many of algorithms like FCFS and SARSA algorithm which is helpfull for Creating the Session for interview and Cadidate also attending the Interview contains Face , Voice , Eye Bllink and Tab Switch Detection. (Try it here)

CERTIFICATE

- Top Grade(Placement Traning - 0ct 2025)
- Infosys Spring Board(Java - July 2024)

- Google Cloud(Generative AI - 6th sep 2025)

DECLARATION

- The provided information is affirmed to be true to the best of knowledge. Should an opportunity arise, commitment is pledged to exert utmost effort in learning and executing entrusted duties to the fullest extent possible.
